<!--
```

This template is written in XHTML. Adherence to XHTML DTD specification is needed to keep page valid -> <http://validator.w3.org/> i.e.

* No overlapping tags allowed: `<i>Here is some text</i>` - BAD, `<i>Here is some text</i>` - GOOD

* Single tags like `img`, `hr`, `br` need to be closed: `` - BAD, `` - GOOD

* Additional information is available at
<http://www.alistapart.com/stories/betterliving/>

```

<html xmlns="http://www.w3.org/1999/xhtml" xml:lang="en" lang="en">
<head>
<title>Example.com</title>
<!--
```

The stylesheet controls the appearance of the page. If, for example, you wanted all text inside of bold tags to appear red, just add...

```
B {
  color: red;
}
```

More information on customizing the appearance of your site with a stylesheet, go to http://style.cleverchimp.com/font_size/livetext.html

```
//-->

<h2>A Custom EnSky Website Design: Just add your content!</h2>

<h2>We Design</h2>
<p>
Need a high quality website design, but can't spend too much money?
EnSky now offers <b>Design-&gt;Build</b> a do it yourself solution geared to organizations
who have the technical expertise of web development covered but want some assistance in
the creative department. We provide you with an original, professional-grade design and
all the files needed for development. Deisgn-&gt;Build templates are fully compliant to
all current web design best practices for usability, compatibility, compatibility for your
functional requirements and specifications!</p>

<h2>You Build</h2>
<p>Build your site using your favorite hand-coding application like <a
href="http://www.barebonessoftware.com">BBEdit</a> or <a
href="http://www.macromedia.com/software/homesite/">Home Site</a> or WYSIWYG software
application like <a href="http://www.macromedia.com/software/dreamweaver/">Dreamweaver
MX</a>.

</p>

<h2>The QUALITY you expect, the PRICE you can afford!</h2>
<p>
This is a sample design build template! If you don't want a custom
website, and you like this one, you can buy a license to use it for $250.00! (single user
license). OEM Licensing on EnSky GUI's are available to ASP's and Software Developers.
